PURSUANT TO THE TEXAS DISASTER ACT OF 1975, AND THE BELL COUNTY COMMISSIONERS COURT OF BELL COUNTY, JUDGE DAVID BLACKBURN HEREBY ISSUES THIS DIRECTIVE AS FOLLOWS:

Effective immediately, and continuing through 11:59 p.m. on Monday, July 13, 2020 unless extended, modified or terminated early by Bell County Judge David Blackburn or the Bell County Commissioners Court, hereby directs the following:

I. **Public Health Emergency.** That this Directive shall continue the local disaster declaration and public health emergency for Bell County for the period specified in this Directive and shall incorporate and adopt the most recent executive order GA-26 issued by Governor Greg Abbott on June 3, 2020, and any subsequent orders by the Governor relating to the expanded opening of Texas in response to the COVID-19 disaster.

II. **Health and Safety Policy - Commercial Entities.** From the effective date of this Directive, it is strongly recommended that all businesses and commercial entities (‘businesses’) in Bell County providing goods or services directly to the public develop and implement a health and safety policy (“Health and Safety Policy”). The Health and Safety Policy must require, at a minimum, the following:

A. It is strongly recommended that all businesses (this includes all offices and departments of Bell County) require employees, including volunteers, to have a face covering when either in an area or performing an activity which will necessarily involve close contact or proximity to co-workers or the public, where six (6) feet of separation from other individuals is not feasible; and

B. It is strongly recommended that all businesses require that all visitors, to include contractors and vendors, wear face coverings while on the business’s premises; and

C. It is strongly recommended that all businesses post the Health and Safety Policy in a conspicuous location sufficient to provide notice to employees, volunteers, and visitors; and

D. It is strongly recommended that the Health and Safety Policy that may be developed and implemented by this Directive also include other mitigating measures designed to control and reduce the transmission of COVID19 such as temperature checks and health screening.

III. **Face Coverings - General Public.** From the effective date of this Directive, it is strongly recommended that all people 10 years or older should wear a face covering over their nose and mouth when in a public place where it is difficult to keep six feet away from other people or working in areas that involve close proximity with other coworkers. The CDC advises face coverings for people 2 years or older. Face coverings may include homemade masks, scarfs, bandanas, or a handkerchief. Bell County residents should continue to maintain social distancing of at least six feet while outside their home. Bell County employees are not exempt from these recommendations.

**IT IS STRONGLY RECOMMENDED THAT YOU NOT OBTAIN OR WEAR MEDICAL MASKS OR N-95 RESPIRATORS AS THEY ARE A NEEDED RESOURCE FOR HEALTH CARE PROVIDERS AND FIRST RESPONDERS.**
Our healthcare workers and first responders on the front-line combating COVID-19 must have priority access to medical masks or other personal protective equipment. Face coverings do not need to be worn in the following circumstances:

- When exercising inside or outside or engaging in physical activity outside;
- While driving alone or with passengers who are part of the same household as the driver;
- When doing so poses a greater mental or physical health, safety, or security risk;
- While pumping gas or operating outdoor equipment;
- While in a building or activity that requires security surveillance or screening, for example, banks;
- When consuming food or drink

Please note that face coverings are a secondary strategy to other mitigation efforts. **Face coverings are not a replacement for social distancing, frequent hand washing, and self-isolation when sick.** All people should follow CDC recommendations for how to wear and take off a mask. Residents should keep up the following habits while in public:

- washing hands before you leave home and when you return,
- staying at least six feet away from others,
- avoiding touching nose or face,
- not using disposable masks more than three times, and
- washing reusable cloth masks regularly to prevent the spread of the virus.

Consistent with Executive Order GA-26 issued by Governor Greg Abbot, no civil or criminal penalty will be imposed on individuals for failure to wear a face covering.

IV. **Severability.** The sections, paragraphs, sentences, clauses and phrases of this Directive are severable and if any phrase, clause, sentence, paragraph or section of this Directive should be declared invalid by the final judgment or decree of any court or competent jurisdiction, such invalidity shall not affect any of the remaining phrases, clauses, sentences, paragraphs and sections that can be given effect without the invalid provision, and to this end, the provisions of this Directive are severable.

V. **Interpretation and Additional Terms.** To the greatest extent possible, this Directive shall be interpreted as consistent with and supplemental to any executive order issued by the Texas Governor. All provisions of the executive orders of the Texas Governor either existing or as, if and when issued, which are made applicable to all jurisdictions by law shall be automatically incorporated into and constitute terms of this Directive, enforceable as if set forth herein without necessity for the issuance of any further orders.

Ordered this 29th day of June, 2020

David Blackburn
Bell County Judge
